

CHAITANYA VALLEY INTERNATIONAL SCHOOL

Circular No.7/ CVIS/PR/20-21

Date :16/09/20

“Never stop learning, because life never stops teaching.”

Welcome to Chaitanya Valley International School..

The schooling of a child is a major decision in every parent’s life. At Chaitanya we truly believe that education does not end at the classroom doors, we take it beyond classrooms.

The Chaitanya Valley international School Team and the management sincerely wish for the safety and wellbeing of all the children, parents and family members. At the same time, we should not forget the simple fact that though academic strength is an added power, children of today also need excellent communication skills, understanding of global culture and accede to cultural sensitivity. We should be able to teach our children to face a greater examination called life.

As schools across the nation have closed because of the corona virus pandemic, teachers and learners are looking for new ways to teach and learn respectively. Our Educators are continuing the knowledge sharing process through newer mediums like technology.

Today, every parent is a teacher and every house is a school. Parents are playing important role. Our parents have set some rules for their ward;(like by limiting the use of device, by making a separate space for learning, by maintaining breaks, talking with peers, by a maintaining schedule with proper sleeping time etc.)

We, at Chaitanya, through our Online Teaching, Worksheets and Guidance and through our media, aim to guide and direct our learners. It has been a learning journey for our educators as well and we hope the children enjoy and adapt to this as long as the school reopens. This knowledge sharing by teachers through digital medium will also bring routine and discipline into the lives of our children. Of course, your support as parents is absolutely imperative to make this a success.

Hence, we focus on creating a parent-school partnership through various engagement programs like bonding seminars, family workshops, back to school program (one day with your child) and more.

Come and experience the energy that flows at Chaitanya and let our children wisely rule the kingdom of knowledge, Enthusiasm and inspiration....

We look forward to seeing you at our campus!

Regards,

Principal

Chaitanya Valley International School,

Aurangabad .
